Our specialization

A TALENTED TEAM FOR

CREATING DIGITAL BUSINESS ASSETS

We can help with:

Building sites from scratch

Enriching business capabilities with custom web applications designed to meet business challenges.

We can make mobile application

For clients very easy to use in one click, with code alert and with face identification. We can make it the best in the world very convenient

Develop web-site

And make very modern design, the site starts to be quoted in requests google higher

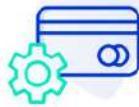

We can adapt mobile version of sites

We can make API

We can make personal account for clients easy, with high usability, beautiful

Opening bank accounts, licenses,
choice of jurisdictions, acquiring

The development of blockchain
projects

Smart contract development and
implementation

We offer a smooth implementation of blockchain
technology with enhanced encryption features in
business organisations.

Conduct secure, fast and reliable transactions
without intermediaries.

Select a ready-made specialist for
website promotion

Company is engaged in Internet
projects, in the field of fintech and
blockchain

Our Creativity Is Your Success

We have rich experience, including in managing. We have made about 100 good projects, and we have potential clients for our project. We are constantly developing. In last three years our profit grew up in 2-4 times.

We know how to develop our project in acceptable terms to scale to billions of revolutions.

03

Our portfolio

01 Payment system personal account

A term of development: 1 month

Website: paysys.cryptor.link

A user friendly personal account of Paysys payment system.

Includes features to manage: personal data, accounts with 3 currencies (US dollar, Euro, British pound), receiving cash to your own accounts directly from any banks via SEPA and SWIFT, cash withdrawal to VISA, Mastercard, currency exchange, transaction history, status, 24/7 support chat, multilingual version (English and Russian) with expansion to 16 languages.

The screenshot shows the 'Account summary' section of the PaySys platform. It displays three accounts: USD Account (LV66 NDEA 0000 0817 5338, Current balance \$ 12.53), EUR Account (LV66 NDEA 0000 0817 5338, Current balance € 0.00), and GBP Account (LV66 NDEA 0000 0817 5338, Current balance £ 248.07). Below the accounts, there is a 'Recent transactions' section showing the following entries:

Date	Description	Sum
20 may 2020	ePayments card account maintenance	- \$ 2.90
19 may 2020	Balance adjustment	+ \$ 14.60
19 may 2020	eWallet load from the ePayments card	- \$ 2.90
10 may 2020	ePayments card account maintenance	+ \$ 14.60
03 may 2020	ePayments card account maintenance	- \$ 2.90

At the bottom left, there are links for 'Call center', 'support@crypto.com', and '+7 495 123 45 67'. The footer states 'PaySys Payment Platform All rights reserved 2020'.

The screenshot shows the 'Transfer Between My Accounts' section of the PaySys platform. It displays a transfer between USD and EUR accounts. The transfer amount is set to 1250.638 USD, which is equivalent to 1301.752 EUR. The transfer button is highlighted in orange. To the right of the transfer form is a line graph showing the exchange rate between USD and EUR over time, with a prominent upward trend.

02 Development of a new version of a personal account for barin.io according to the terms of EU law

A term of development: 2 months

Website: barin.io

BARIN.io is an investment blockchain project. It sells BIT tokens (similar to stocks) backed by Internet assets with monthly dividend payments.

By investing in BIT tokens based on Ethereum smart contracts, you become a co-owner of Internet businesses with an average return of 20% per year. For our part, we develop or buy ready-made projects with income from advertising and other commercial activities. A personal account has been made for the investors to purchase tokens for fiat currencies USD, EUR, RUB and cryptocurrencies Ethereum, Bitcoin. The statistics of total profitability and per each project separately, the accumulation and payment of dividends, the order of withdrawals are presented. One of the main advantages of the project is the buyback of tokens at a nominal price in a year, if the investor wishes. The KYC procedure has been introduced, the security requirements of banks and payment systems have been fulfilled, AML procedures are used in semi-automatic mode.

The screenshots illustrate the development of a new personal account for the Barin.io platform. The first screenshot shows the main dashboard with various financial metrics and project statistics. The second and third screenshots show the process of updating a user's profile, specifically the KYC (Know Your Customer) steps, which involve providing personal information and documents.

Projects Statistics

#	Name	Theme
1.	muscrexpert.ru	Garbage removal and disposal
2.	chistoto.ru	Clearing, Laundry

03 NFT Power

A term of development: 4 months

Website: nft.cryptor.link

NFT marketplace with a working auction system, NFT generation, personal account, internal balance of fiat payment systems and billing. Smart contracts on the Ethereum blockchain.

The screenshot displays the NFT Power marketplace interface. At the top, there's a navigation bar with links for 'PowerNFT', 'Marketplace', 'Trending', and 'Items for you'. A search bar is also present. On the left, a sidebar shows the user profile of 'John Smith' (@johnsmith325) with options for 'My Items', 'My Offers', 'Sales / Purchases', 'Other Transactions', and 'Account Settings'. Below this, buttons for 'Creates' and 'Connect Wallet' are visible. The main content area features two sections: 'NFT's (8)' and 'Collections (4)'. Each section contains cards for different NFTs, each with a placeholder image and the text 'Vitae, interdum lobortis ornare malesuada.' followed by a small profile picture and the handle '@newrafael'. To the right, there's a detailed account dashboard with tabs for 'Incoming', 'Outgoing', 'Deposits', and 'Withdrawals'. It lists various transactions with columns for Date, Status, Amount, Type, and NFT. A green 'Green' button and a 'Connect Wallet' button are located at the bottom of this section. At the bottom of the page, there are links for 'FAQ', 'About us', 'Terms of use', 'Privacy Policy', and social media icons for Instagram, Twitter, Facebook, and YouTube. A footer bar at the very bottom also includes links for 'PowerNFT', 'FAQ', 'About us', 'Terms of use', 'Privacy Policy', and social media icons.

This screenshot shows the 'Create collectible' feature on the NFT Power platform. It starts with a question: 'Choose "Single" if you want your collectible to be one of a kind or "Multiple" if you want to sell one collectible multiple times.' Two options are shown: 'Single' (represented by a single green diamond icon) and 'Multiple' (represented by three green diamonds stacked vertically). Below this, a note states: 'We do not own your private keys and cannot access your funds without your confirmation.' The interface includes back and forward navigation buttons, a 'Create' button, and standard navigation links for 'PowerNFT', 'Marketplace', 'Trending', 'Items for you', 'Search Artist or NFT', 'Login / Signup', and 'Create'.

04 Exchange Mainfinance

A term of development:

3 months

Website: exchange.mainfinex.org

Personal account for the exchange of cryptocurrencies, the following blockchains are connected: Ethereum, Bitcoin, Tron with all the cryptocurrencies necessary for the client. Synchronization with centralized exchanges, client reserves and internal wallets.

05 Sport Token

A term of development: 3 months

Website: sporttoken.io

Catalog of athletes for issuing collectible NFT cards, statistics of fights, tournaments, fighters, an internal marketplace for selling NFTs. Generation of NFT cards on the Polygon blockchain.

The screenshot shows the main interface of the Sport Token website. At the top, there is a navigation bar with links for Главная (Home), Бой (Fight), Спортсмены (Athletes), NFT, FAQ, and Блог (Blog). There is also a search bar, a language selection dropdown (Russian), a registration button, and a login button. On the left side, there is a sidebar with a user profile picture and the name Sam Mandess (@sammandess62). Below the sidebar, there are sections for Тип аккаунта (Account type) set to Пользователь (User), Аккаунт (Account), Внутренний Баланс (Internal Balance), Транзакции (Transactions), and Личные NFT (Personal NFTs). The main content area displays a grid of eight NFT cards. Each card features a different fighter or tournament, such as Antonio Nogueira, MMA 254, and UFC Tournament. The cards are presented in a stylized, glowing frame. Below each card, there is a small profile picture and the price 'Цена: 23 USD'.

The screenshot shows a specific page for creating an NFT tournament. The header includes links for Главная (Home), Бой (Fight), Спортсмены (Athletes), NFT, FAQ, and Блог (Blog). The main content features a large banner with the text 'FIRST NFT TOURNAMENT' and two fighter profiles. Below the banner is a form titled 'Заполните форму' (Fill out the form) with fields for Name, Email, Date birth, and other personal information. There is also a section for 'Номера друзей' (Friends' numbers) with input fields for up to five friends. At the bottom, there is a 'Зарегистрироваться' (Register) button.

The screenshot shows a table of transaction history. The header includes links for Главная (Home), Бой (Fight), Спортсмены (Athletes), NFT, FAQ, and Блог (Blog). The table has columns for № (ID), № т (Tx ID), Дата (Date), Цена (Price), Баланс (Balance), and Статус (Status). The data shows several transactions for the user Sam Mandess (@sammandess62), all marked as 'Пополнение' (Top-up). The table also includes sections for 'История транзакций' (Transaction history) and 'Выход' (Logout).

06 Octopus API

A term of development:

4 months

Website: octopusapisoftware.com

Service for blockchain developers, API for easy access to the functions of blockchain nodes. The following blockchains are connected: Bitcoin, Ethereum, Tron, TON, DOT, ADA, EMC.

The screenshot displays the Octopus API interface across four panels:

- Summary (Сводка):** Shows a summary of account activity. Key metrics include:
 - Address for coin collection: Bk0x6F...rdm
 - Balance: 0.0000000 BULL
 - Last processed block: 617607 (2021-07-14 12:01:02)
 - Total tracked: 0 BULL
 - Total sent / listed: 0.0000000 / 0.0000000 BULL
 - Total received / forwarded: 0.0000000 / 0.0000000 BULL
 - Available for sending: 0.0000000 / 0.0000000 BULL (Minimum confirmation: 10)
- API Configuration (Настройки API):** Allows users to manage API access. It includes:
 - API key management
 - API endpoint configuration
 - Blockchain selection (BULL, TRX, TON, EMC, DOT, ADA)
 - Language selection (RU)
 - Balance: 12.5698 USDT
- Account Settings (Настройки Аккаунта):** Includes:
 - General account settings
 - API key management
 - Email configuration (Email, t-mail, Reply-to address)
 - Notification settings
 - Change password section
- Transaction History (История):** Shows a list of recent transactions. The table includes columns: Адрес (Address), Токен (Token), Баланс (Balance), Дата (Date), Хеш последней транзакции (txid) (Hash of the last transaction), Метка (Tag), and Тип (Type). The history shows four entries, all of which are unconfirmed (Брунчую - Unconfirmed). The entries are:

Адрес	Токен	Баланс	Дата	Хеш последней транзакции (txid)	Метка	Тип

09 Exchange aggregator for traders

A term of development:

3 months

Website: terminal.cryptor.link

Service aggregator of cryptocurrency exchanges for crypto traders, API integration with 4 exchanges. Trader profile, connection via API keys, trading terminal, statistics on cryptocurrencies and pairs.

The screenshot shows the CryptoSystem platform interface. At the top, there are tabs for Platform, News, and FAQ. On the right, there are status indicators for 'Connected' (blue), language 'EN' (green), and notifications ('15'). Below the header is a navigation bar with links for Dashboard, Portfolio, Trade, Bots, Markets, and Support. A 'Chat' section is also present. The main content area displays a candlestick chart for the 'BTC - USDC' market. The chart shows price movement from approximately 15:50 UTC on March 18 to 4:50 UTC on March 19. The y-axis ranges from 10,000.0000 to 26,307.5000. The x-axis shows time markers at 1:50AM, 2:50AM, 3:50AM, and 4:50AM. To the right of the chart is an 'Order Book' table for the same market. The table lists buy and sell orders with their sizes, prices (in USD), and total values. The total value for the best bid is 1.00051916 BTC. Below the order book is a 'Trade History' table showing completed trades with columns for Price (USD), Amount, and Time. At the bottom left, there is a message input field with a placeholder 'Message' and a blue send button. On the far left, there is a sidebar with a list of messages and a 'Message' input field.

The screenshot shows the 'Market Overview' page. At the top, there are tabs for Platform, News, and FAQ. On the right, there are status indicators for 'Connected' (blue), language 'EN' (green), and notifications ('15'). The main content area is titled 'Market Overview' and displays a table of 14 cryptocurrencies. Each row includes the coin name, market cap (in USD), 24-hour price change, and a 24-hour price chart. The coins listed are Bitcoin, Ethereum, Tether, Binance Coin, Cardano, Polkadot, XRP, Monero, Trinity, Litecoin, Chainlink, USDT, and Bitcoin Cash.

The screenshot shows the 'User Profile' page. At the top, there are tabs for Platform, News, and FAQ. On the right, there are status indicators for 'Connected' (blue), language 'EN' (green), and notifications ('15'). The main content area is titled 'User Profile' and contains sections for 'Change Name', 'Change Password', and 'Activity Log'. The 'Change Name' section has fields for 'Current Name' (Ivan Ivanov) and 'New Name'. The 'Change Password' section has fields for 'Current Password' and 'New Password'. The 'Activity Log' section shows a list of recent logins with columns for 'Time', 'IP Address', and 'Location'. The logins are dated from March 2021 to April 2021.

10 Pandas.money cryptocurrency exchanger

A term of development: 2.5 months

Website: pandas.money

Cryptocurrency exchanger with automatic and semi-automatic transactions. Support for major blockchains. Works with payment systems and Visa, Mastercard, Unionpay cards. Scaling and changing various features. Maximum detailed statistics: admin, account management, blacklisting, ticket, content management. Multilanguage support.

The screenshot displays the Pandas.money website, which is a cryptocurrency exchange platform. The main interface shows the exchange process:

- You send:** Ethereum is selected as the currency being sent.
- You get:** EOS is selected as the currency received.
- Total:** Exchange rate is 0.005697 ETH = 1 EOS.
- Conditions:** The user must accept rules and agreements and confirm they are 18 years old.
- Buttons:** "Start exchange" and "Your e-mail address" (input field).

In the center, there is a cartoon panda character.

On the right side of the page, there are two additional sections:

- Contacts:** Information for sending requests via email (info@pandas.money) or live chat (Online consultant).
- Did not find your answer?**: A form for sending messages to support.
- Social media links:** Вконтакте, Facebook, Twitter.
- Footer:** Terms of use, Privacy policy, and payment method icons (Mastercard, Visa).

At the bottom right, there is a "History of my exchanges" section showing a list of recent transactions:

ID REQUEST	DATE OF CREATION	AMOUNT	STATUS

11 SportsMap

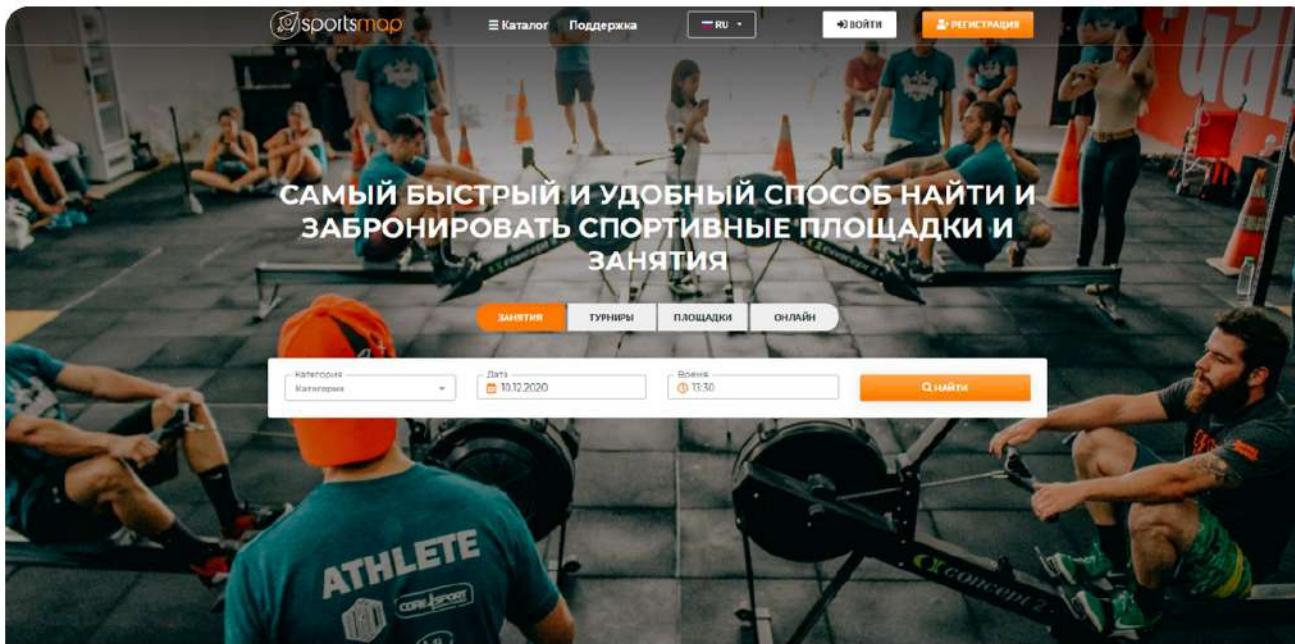

A term of development:

2 months

Website:

sportsmap.lv

A platform for finding and easily booking classes and sports events at various sports grounds, arenas and gyms, including the feature to pay, choose a coach, find a sparring partner, form a team for playing together and select an opponent at a pre-agreed time.

This screenshot shows the search results page of the SportsMap website. It displays three sports spots: "Sup Spot" (price 0€, rating 5 stars), "Sup Spot" (price 5€, rating 5 stars), and "ENR! Tennis Klubs" (price 0€, rating 5 stars). Each listing includes a small thumbnail, location details, price, rating, and a "Забронировать" (Book) button.

This screenshot shows a detailed view of a sports spot on the SportsMap website. It features a large thumbnail of a person rowing, the name "Yoga pie juras", and a price of 1€ - 4345345€. It includes a "Забронировать" (Book) button, a rating of 5 stars, and a brief description in Russian. Below this are other listed spots like "Sup Spot" and "ENR! Tennis Klubs".

The footer of the SportsMap website includes links for "Про нас", "Каталог", "Новости", "Поддержка", "Правила", "Контакты", and "Andra Gelova". It also features social media icons for Facebook and Instagram, and payment method logos for PayPal, paySera, MasterCard, and VISA.

12 A platform for OTC cryptocurrency trading

A term of development: 1 months

Website: otc.sec.markets

A platform for OTC cryptocurrency trading for individuals and legal entities, with an amount of 1 to 1,000 BTC. The service includes a customer's personal account, KYC and AML procedures, balance deposit and cryptocurrency purchasing features. Focused on "one-click" purchase.

The screenshot displays the interface of a platform for Over-the-Counter (OTC) cryptocurrency trading. The top navigation bar includes the logo 'Security Exchange Cryptassets', language selection (RU), and a user profile for 'NIkita Sidorov'. The main sections are:

- Пополнить внутренний баланс**: Shows the current internal balance of 18 000 € and a form to enter a top-up amount of 12 000 € via SEPA transfer. It also includes a condition section and a 'Пополнить' (Top-up) button.
- История заявок пополнение баланса**: A table showing a history of five balance top-up requests with details like date, amount in USD, and status (e.g., Завершена, В обработке, Отклонена, Завершена).
- Статус операции пополнения баланса №423421**: Displays the status of a specific top-up operation, showing a balance increase of 14 243.28 €, transaction details (Name of recipient bank, Bank Number, SWIFT code), and a 'Документ' (Document) download button.

On the right side, there are sections for 'Возникли вопросы?' (FAQ) and 'Наши контакты' (Our contacts) with icons for messaging and email, and an illustration of a person using a smartphone.

13 Real estate information portal

A term of development:

2 months

Website:

pv51.ru

Real estate information portal to quickly search for the desired real estate using various filters and on the map, including features for analyzing programs for buying real estate objects through a mortgage or trade-in. The admin panel has built-in features that can fully connect the database from CRM to the website.

The screenshot shows the homepage of the real estate portal. At the top, there is a header with the logo 'ПВ' (Правильный Выбор), the slogan 'правильный выбор недвижимости', a phone number '+7 (8152) 42-00-42', and a 'ЗАКАЗАТЬ ЗВОНОК' button. Below the header is a navigation bar with links: ГЛАВНАЯ, БАЗА НЕДВИЖИМОСТИ, НОВОСТРОЙКИ САНКТ-ПЕТЕРБУРГА, УСЛУГИ, О КОМПАНИИ, НОВОСТИ, and ОПУБЛИКОВАТЬ ОБЪЕКТ. The main content area features a large banner with the text 'Лучший выбор жилья в Мурманске'. Below the banner is a subtext: 'Наша цель — Ваше спокойствие и уверенность при выборе недвижимости'. There are two buttons: 'КУПИТЬ' (Buy) in orange and 'ПРОДАТЬ' (Sell) in grey. A large search form follows, containing fields for Type (Apartment), Population point (Murmansk), District (All), Street, Number of rooms (Any), Kitchen size (m²), Floor, Price (руб), Repair status (Repair), and Sanitary. At the bottom of the search form are buttons for 'НАЙДЕНЫ 72 ОБЪЕКТА' (Found 72 objects), 'СБРОСИТЬ ФИЛЬТР' (Reset filter), and 'ПОЛУЧАТЬ УВЕДОМЛЕНИЯ О ПОЯВЛЕНИИ НОВЫХ ОБЪЕКТОВ' (Receive notifications about new objects).

The screenshot shows a map-based listing page for residential complexes in Murmansk. The map displays several residential buildings with their names and price ranges. To the right of the map are two columns of listing cards for 'ЦДС "Волковский"' and 'ЦДС "Волковский"' respectively. Each card includes a small image of the building, address, price range (from 1 750 000 ₽ to 56 451 ₽/кв.м), and a 'ПОДРОБНЕЕ' (More details) button. At the bottom of the page are three sections: 'Контактная информация' (Contact information), 'Часы работы офиса' (Office working hours), and 'Найдите своего риэлтора' (Find your own realtor). The contact information section includes a phone number (+7 (8152) 42-00-42) and an email (info@pv51.ru). The office working hours section specifies 'В будни с 09:00 до 18:00 с 09:00 до 20:00 В субботу с 10:00 до 17:00 В воскресенье выходной'. The realtor section lists 'Родион Карлович Александрович' with a phone number (+7 921 238 05 77).

Analytical service for traders on stock exchanges. Charts, stock quotes, works on closed algorithms of the customer. Paid subscription to advanced functionality of analytical tools.

15 WIS World Integrated System

A term of development:

1 month

Personal account and landing page for investors. Proprietary cryptocurrency and marketing program for project participants. Networking structures and referral programs.

The image displays four screenshots of the WIS World Integrated System platform:

- Landing Page:** Shows the main interface with a sidebar menu (Главная, Профиль, Транзакции, Структура, Помощь, Выход) and a central area for buying WIS coins. It features tabs for BTC, ETH, and PZM, and a yellow "Купить" button. Below this is a section for "Pre-sale продаж монеты" with a yellow bar indicating the progress from 0 WIS (Soft cap) to 5 000 000 WIS (Hard cap). It also shows the "Этапы продажи" (Sales stages) with three cards: "Приватная продажа" (1 марта 2020 - 31 марта 2020, Завершена 0.15 USD), "Pre-sale" (1 апреля 2020 - 15 апреля 2020, В процессе 0.25 USD), and "Основная продажа" (1 апреля 2020 - 15 апреля 2020, В ожидании 0.01255 ETH).
- Personal Account (Left):** Shows a profile picture of a woman, the email ivanivanov@gmail.com, and a balance of 623.220 WIS. It includes a "Конец Pre-sale 10:25:12 12D" timer and currency conversion rates: 0.0001215 BTC, 0.007229 ETH, 12.368 UEDT.
- Personal Account (Right):** Shows a sidebar with "Вас пригласил" (Invited by) and "Пригласите друга" (Refer a friend). It lists "Список Ваших рефералов" (List of your referals) with five entries: Igor66, Nikita2002, Igor66, Nikita2002, and Igor66, each with a "Пригласить" (Refer) button.
- Transaction Details:** Shows a transaction summary for "Заказ #658897" with the message "Вы получите 150.000 WIS". It includes a QR code and instructions: "Ваш заказ ожидает оплаты. Если вы уже произвели оплату, пожалуйста, дождитесь завершения транзакции." It also has a "Пожалуйста, переведите 0.0018254575 BTC на следующему адресу: bitcoinaddresshere" button and "Назад" and "Все транзакции" buttons.

16 SEC Cryptocurrency Exchange

A term of development:

1 month

Website: sec.markets

Cryptocurrency exchange featuring trading, referral program and dividend payments. Depositing and withdrawal of cryptocurrencies (btc, eth, usdt) and currencies (usd, euro).

The screenshot displays the SEC Cryptocurrency Exchange platform, featuring a clean, modern design with a light blue header and sidebar.

Header: Security Exchange Cryptocurrencies, 550 USD, user123@gmail.com, RU.

Left Sidebar: ETH/USD market summary (Min: 248.3066 USD, Max: 248.3066 USD, Balance: 0.001766 ETH / 140.17577 USD), Buy/Sell buttons, and a "Place Buy Order" button.

Main Content Area:

- Order Book:** Shows the current order book for ETH/USD with bids and asks.
- Order History:** A table showing a list of completed orders with details like Date, Time, Price, and Volume.
- Open Orders:** A table showing open orders with details like Date, Time, Price, and Volume.
- Trade History:** A table showing a history of trades with details like Date, Time, Price, and Volume.
- Deposit/Withdrawal:** Buttons for "Deposit" and "Withdrawal".
- Help:** A sidebar with links to "FAQ", "Support", and "Feedback".

17 YodaX

A term of development:

1 month

Website: yoda-x.com

Development of a pos-based cryptocurrency with low transaction costs and staking. Besides the cryptocurrency itself, it includes the development of a web wallet, a desktop wallet and iOS and Android apps. Also includes investor's personal account and a referral program. The personal account structure includes elements of the following functionality: Web wallet, Balance management, Address generation, Initiating, transactions, Processing all transactions in the blockchain, Two-factor Google authorization, Two-factor Google transaction confirmation, Functionality of wallet access phrase recovery, 12 words, Building a network structure on blockchain transactions, Structure volumes output by lines, Mining cryptocurrencies using a complex formula in accordance with network principles.

The screenshot shows the YodaX personal account interface. At the top, there are three main sections: 'Стейкинг' (Staking) with 196.97800946 YODAX, 'Холд' (Hold) with 0 YODAX, and 'Профит' (Profit) with 57.7912631 YODAX and a rate of 9.90% in месяц (month). Below these are buttons for 'ОТПРАВИТЬ' (Send), 'ОБНОВИТЬ' (Update), 'ДЕПОЗИТ' (Deposit), and '9.90% в месяц' (9.90% per month). The main area features a table of recent transactions:

Транзакции	Депозиты	Структура	Время	
+0.72990627 YODAX	PROFIT		11.11.2020 19:49:15

19 TrueRich

A term of development:

2 weeks

Website:

truerich.io

A game built on blockchain technologies to find out for sure who is the richest in our world. The functionality is based on the Etherium smart contract.

The homepage features a dark background with a portrait of a man in a suit. Text on the left reads "Anton Ivanov – истинный богач!" (Anton Ivanov – true rich). A message from the "boss" says: "Дорогу осилит идущий! =) Мой сайт - www.superboss.com". Below this, it shows a deposit of 3569.06123 ETH (438 641 USD) and a withdrawal address: 0x67b644461060cc497395b1de20606782fb57dfcd3b4c121a0f60b50ac1ed8. A large orange button at the bottom says "Я богач!" (I am rich!). Social media icons for Facebook, VK, Instagram, LinkedIn, and a link icon are at the bottom right.

This section shows a profile picture of a man in a suit and a title "Мой профиль" (My profile). It lists various achievements: "Онлайн" (Online), "Сообщение [публикация в реальном блокчейн]" (Message [Publication in real blockchain]), "Дорогу осилит идущий =)" (The road is for those who walk it!), "Кошелек для депозита" (Deposit wallet), "Найбогатіший ідеалний богач" (Ideal rich person). It also shows social media links for Telegram, Viber, WhatsApp, Instagram, and Vkontakte, each with a "Поделиться" (Share) button. A green "Сохранить профиль" (Save profile) button is at the bottom.

This section has three cards: 1. "У меня есть MetaMask" (I have MetaMask) with a fox icon; 2. "У меня есть аккаунт" (I have an account) with a person icon; 3. "У меня нет аккаунта" (I don't have an account) with a person icon. Below the first card is text: "Вы можете использовать кошелек MetaMask. Это официальный кошелек Ethereum, который имеет самое большое количество пользователей." Below the second card is text: "Необходимо авторизоваться, чтобы не запутаться при выводе средств из вашего кошелька." Below the third card is text: "Для вас будет создан новый кошелек Ethereum на вашем телефоне. Вы можете его использовать для вывода средств из вашего кошелька." A "Платить" (Pay) button is at the bottom.

20 Development of a new website for Barin.io

A term of development:

2 weeks

Website:

barin.io

Convenient and functional website with the best design, engaging of the company's customers to be active participants in this project.

The website features a clean, modern design with a light blue header and footer. The main navigation bar includes links for Гарантии, Как это работает, Наша статистика, Токен BIT, Road Map, Условия, Проекты, Команда, and Блог. A 'войти' (login) button is located in the top right corner. The page content includes a large central image of a smartphone displaying a mobile app interface with a purple header, a yellow sidebar, and a white main screen showing a balance of 57.5 BIT and a transaction history. To the left of this image, there is a section titled 'Инвестиции в интернет' with the subtext 'проекты с доходностью от 20% годовых'. Below this, a note states that funds from BIT token sales are used for internet resource advertising. A 'купить токен' (buy token) button is present. To the right of the central image, there is a detailed 'Road map первого токена' (Roadmap for the first token) chart showing milestones from 2018 to 2021. At the bottom, there are sections for 'Надежность и гарантии' (Reliability and guarantees), 'Как это работает?' (How it works), and links to 'Гарантии', 'Платформа BIT', and 'Блокчейн'.

IEO SEC

A term of development:

1 week

Development of a multilingual SEC exchange page for IEO.

IEO SEC

Сегодня вы можете стать соавтором криптовалютной биржи, превратившейся из самой широкой публичной платформы пользователей в мире.

Старт 1-го рунда IEO
09.09.2019

Почему мы?

Наша цель

Постепенно, из года в год, из месяца в месяц мы увеличиваем нашу клиентскую базу, благодаря различным группам людей и индивидуальным потребностям каждого таким образом, чтобы капитализация нашей биржи превысила 200 миллиардов USD, и капитализации компаний, торгующихся на бирже составят более 6 трлн долларов USD.

Выведем биржу в топ

Мы выводим нашу биржу в топ мировых криптовалютных бирж, следим за новыми фиатными валютами, и создадим благотворительный кастодиальный сервис для наших клиентов.

Большой опыт

Мы работаем в сфере финансов 15 лет и создали один из лучших продуктов на мировом рынке.

Бонусы держателям

Большую долю от доходов биржи за счет комиссий с оберов, оплаты за листинг, ежеквартальных платежей, право выдачи и отмены держание токенов биржи.

Токены только вида security

Все токены обеспечены реальными активами, которые работают в бизнесе и приносят доход.

Немного о нашем рынке

Биржа	1000 T	200 T	300 T
IEO SEC	1000 T	200 T	300 T

Новые пользователи

1. Новый инвестор (1000 пользователей) +30%

2. Активные User +10%

3. Дивиденды +10%

4. Официальное партнерство +10%

Road Map

- Быть лидером
- Дивиденды
- Активные User
- Дивиденды
- Партнерства

A project that continues the Yoda-x business, but with more complex staking algorithms and referral programs.

**Кризис – это Время
новых возможностей.**
Используй своё мышление
Используй своё мышление.

Доход 21-45% в месяц Моментальный вывод Трехфазная защита вашего кошелька

[К нашим целям](#) [Купить YodaX](#)

Давно хотели преобразить свою жизнь, иметь пассивный доход, не бояться проблем на работе или кризиса?

Хотели инвестировать, но не знали куда?

Наша команда экспертов в области экономики и финансов знает ответы на все вопросы!

Откуда берутся бонусы?

- Идеи на выплату бонусов и на развитие клуба
- Наша команда добывает блокчейн монеты благодаря механизму майнинга, поэтому даже без привлечения новых участников комиссия возвращается через 14 дней.
- Принеся в структуру новых партнеров по своей реферальной ссылке, вы будете получать часть их комиссии.
- При вводе денег взимаются комиссии в размере 10% от суммы
